Case Study

Bird Net installed over signs and rooftops at Colorado shopping center

Location: Colorado Springs, Colorado

Bird Problem: Bird droppings were covering signs and roof areas of a shopping center.

Product Installed: Bird Net 2000 from Bird-B-Gone, Inc.

Product Details: Bird Net 2000 is a heavy duty polyethylene netting used to block birds from unwanted areas. Bird Netting is the most efficient and effective ways to prevent birds from roosting or nesting. Bird Net 2000 carries an industry leading 10-year guarantee. Bird-B-Gone offers a complete line of netting hardware.

Bird droppings had covered a majority of the shopping centers signs.

Bird netting was installed over signage to block birds from landing.

Bird netting installed over the rooftop areas to prevent birds from nesting.

Bird Net 2000 is virtually invisible from the ground level.
