YOUR PARTNERS
IN BIRD CONTROL

birdbgone.com

800-392-6915

The industry leader since 1992

Bird•B•Gone® is the world's largest manufacturer of professional grade bird deterrents. Since 1992, our products have helped solve pest bird problems in commercial, industrial, recreational, government and residential settings across the globe. Our superior products, excellent customer support and cutting-edge innovation have secured our position as the number one manufacturer and supplier of bird control products.

Today, Bird•B•Gone is part of the Pelsis family of brands who globally believe in purposeful innovation and strategic partnerships to equip our customers with the tools they need to take on challenges every day.

Why Bird•B•Gone?

PRODUCTS & PEOPLE YOU CAN TRUST!

- Bird•B•Gone products are humane, effective, and backed by industry-leading warranties.
- The #1 specified products by architects, engineers, and government agencies.
- Most of our products are proudly manufactured at our facility in the United States.
- Trusted by high-profile locations including airports, schools, hospitals, military bases, and historical landmarks to successfully deter pest birds.
- Our bird control experts bring over 100 years of combined hands-on experience.
- We offer free training and support on all aspects of bird control, including on-site assistance and technical support.
- Bird•B•Gone University provides a comprehensive, free training course covering everything from quoting jobs to product installation.
- We provide custom-cut bird netting (Length x Width).
- Our products are available worldwide through a network of trusted distributors.

OUR BIRD CONTROL EXPERTS

YOUR TRUSTED EXPERTS IN BIRD CONTROL SOLUTIONS!

At Bird•B•Gone®, our team of experts is here to provide expert guidance and innovative solutions. With years of hands-on experience, we work closely with businesses and individuals across the globe, offering trusted advice and support to ensure the best bird control outcomes. Whether you're tackling a small project or managing a large commercial site, our team is committed to helping you achieve success with confidence.

MIKE DOUGHERTY

"I love educating PMP's so they can capture more revenue on the outside of the structure, which is even more important with the disease and sanitization sensitivity of our culture. If you need some help and you don't mind talking about the Raiders, don't hesitate to give me a call!"

JEFF WATTS

"I've been blessed by being able to travel around the world meeting people and helping them grow their businesses. There is no better feeling than helping out our friends, whether it's their first successful project or their hundredth!"

CHRIS FIELDS

"I have the pleasure of working with architects and engineers every day helping them plan for the future. Designing and developing plans to protect old and new structures from bird debris is something I take pride in."

SHAUN JOHNSON

"From business owner to homeowner, I enjoy recommending the right product for each customer's situation. It's great to have quality products available through various points of distribution worldwide!"

JON MULYK

"I cut my teeth in bird control using Bird B Gone gear every single day. Being in a position where I can pay that experience forward—helping folks avoid common field pitfalls and win bigger projects—is what makes being here so special."

BIRD CONTROL IS AN INVESTMENT

It's important to take a proactive approach when dealing with pest birds. Birds not only carry and spread disease, but bird feces can corrode building materials. The build-up of droppings or nesting materials is unsightly and can host parasites like bird mites. In the long run, bird control can save you time and money.

- Eliminate safety and health hazards - decrease your liability
- Eliminate the spread of diseases to your employees and patrons
- Decrease expenses/costs on maintenance and repair
- Protect your property value
- Improve and protect your image

HEALTH RISK

Birds, droppings, and nesting materials can carry up to 60 different diseases that can be passed to humans and animals.

BRAND IMAGE

Birds on a ledge or sign, or droppings covering a sidewalk, may send a message to visitors that the business is careless and should not be trusted.

INVENTORY DAMAGE

Droppings can damage products and contaminate production lines.

WORK STOPPAGES

Employees will not and should not work in areas that are unsafe due to an accumulation of droppings.

SLIP AND FALL RISK

Droppings can be slippery. If a customer or employee falls, they could get seriously injured and sue the building owner.

HEALTH CODE VIOLATIONS

Pest bird droppings found in food processing plants, restaurants, storage facilities or other areas may violate health codes, resulting in fines, legal action, or closures.

CLOGGED DRAINS

Droppings and nesting materials regularly clog drains, causing damage during heavy rains.

PROPERTY/EQUIPMENT DAMAGE

Droppings are acidic and can corrode through paint, roofing materials and fabrics. These will need restoration or complete replacement.

COST OF CLEANUP

Businesses that clean up after birds on a daily or weekly basis incur high clean-up costs.

PARTNER WITH BIRD•B•GONE®

We are constantly improving current technologies and developing new products to meet our customers' needs. We strive to provide the most effective, efficient and reliable bird control methods on the market.
Some of our outstanding patented products:

- Bird•B•Gone invented and patented the original Plastic Bird Spike. This revolutionary bird control tool is one of our best sellers.
- Bird Jolt Flat Track® received another patent on its innovative anti-arcing and trough design.
- Bird•B•Gone Stainless Steel Bird Spikes™ patented "bend and crush" design ensures that the spikes stay firmly secure in their base.

Because Bird•B•Gone is only involved in bird control, we make it our business to stay on top of the latest advancements in the industry. We continue to provide our customers with the products and services that give them a leading edge in bird control.

AT BIRD•B•GONE, WE MAKE IT OUR BUSINESS TO STAY ON TOP OF THE LATEST ADVANCEMENTS IN THE BIRD CONTROL INDUSTRY.

QUALITY GUARANTEED

Bird•B•Gone products go through an extensive quality control process before they leave our warehouse. All products are hand inspected and signed as they are packaged. This allows us to offer the industry's longest product warranties.

- Stainless Steel Bird Spikes: 10 Years
- Plastic Bird Spikes: 5 Years
- Black Bird Net 2000™ Heavy Duty: 10 Years
- No-Knot Netting: 10 Years
- Bird Wire: 5 Years
- Bat Netting: 10 Years

SHIPPING

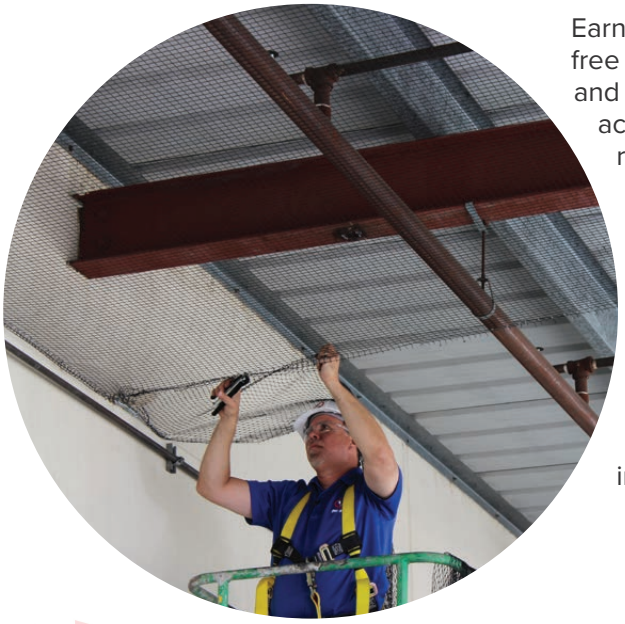

Bird•B•Gone offers fast and efficient shipping, setting the standard in the industry. As we manufacture most of our own products, we are able to provide convenient and expedited shipping options. We use traceable shipping methods to ensure your products arrive on time. No matter where you are in the world, Bird•B•Gone will get your order to you!

SPECIFICATIONS & CAD DETAILS

We are the #1 bird control company specified by architects, engineers and government agencies. Since 1992, we have worked with the AEC industry in the design and application of effective, humane, and cost efficient bird control solutions.

Specifications, CAD, and BIM details can be found on our website. If you need help specifying bird control on a project, contact our bird control experts to help you choose the right product and place you in contact with an Authorized Installer.

BECOME AN AUTHORIZED INSTALLER

Earn your Authorized Installer Certificate at Bird• B• Gone® University—a free training course designed to teach the basics of bird control. Virtual and In Class courses are taught by our bird control specialists and held across the country in convenient metro locations. Those who attend receive a Certificate of Completion which can be applied as CEU hours towards a Pest Control Applicator's License in many states.

As an Authorized Bird•B•Gone Installer, you will work with the highest quality bird control products and receive the best customer service. Whether you are looking to develop a primary bird control business or wish to add an additional service to your existing business, bird control can be a lucrative way to add extra dollars to your bottom line. We pride ourselves on the personal relationships we build with our customers and are here to assist you in building and growing your bird control business!

BIRD•B•GONE® UNIVERSITY™

TOPICS INCLUDE:

- Basics of Bird Control
- Site Evaluation Best Practice
- Sensory Bird Control
- Ledge & Remediation Bird Control
- Exclusion Bird Control
- Bidding & Selling Bird Control

WORLDWIDE ON-SITE TRAINING

At Bird•B•Gone, our goal is not to "sell" you products, but to position you to make the best quality decisions when it comes to designing, specifying, and installing the right products to fit your job. Our bird control engineers have 100+ years of combined experience and will help you in all aspects of bird control.

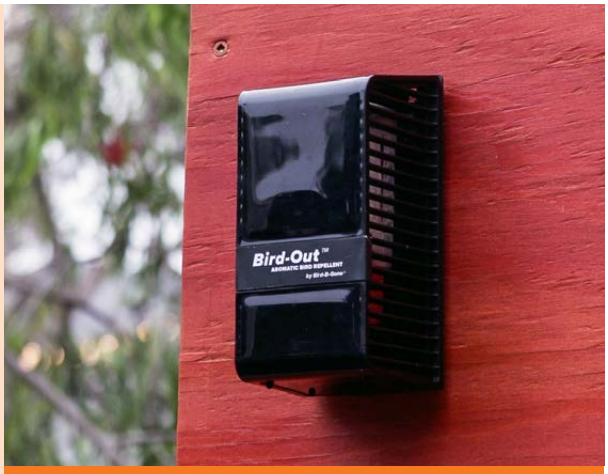

Need to train a group of employees? Have a complex bird job? Bird•B•Gone will provide the expertise necessary to bring success to your job. To schedule on-site training, contact our installation experts at 800.392.6915.

BIRD-OUT® AROMATIC BIRD REPELLENT

ADVANTAGES & BENEFITS

Bird-Out® Aromatic Bird Repellent is a fast acting, trouble-free solution that keeps pest birds away from patios, decks, garages, warehouses and other outdoor areas. Each easy-to-use cartridge contains a 20% concentration of Methyl Anthranilate, a food-grade ingredient proven to repel birds. Activate the cartridge with a twist, snap it into the dispenser, and enjoy up to 60-days of effortless protection.

- Ideal for residential, commercial and agricultural use.
- Low cost, effective, simple to use bird control system.
- Effectively deters many bird species.
- Humane solution–does not harm birds, people, pets or animals.
- Dispenser placement is fast and easy.
- Provides up to 60 days of no-maintenance protection.
- Protects up to a 20’ x 20’ x 20’ area.
- Bird repellent made from food-grade ingredients; EPA registered*.
- Increasing coverage is as simple as installing additional dispensers.
- Small, silent, and discreet.

	BIRDOUT-REF	Single Cartridge Refill
	BIRDOUT-2PK	2-pack Cartridge Refill
	BIRDOUT-6PK	6-pack Cartridge Refill
	BIRD-OUT-DISP	Bird-Out Dispenser

SPIKE

Preventing birds from landing on ledges is an important and crucial step in bird deterrence.

Bird spikes from Bird•B•Gone® offer an effective and humane deterrent for larger bird species like pigeons and seagulls. As the inventors and patent holders of the first plastic bird spike, we take pride in providing highly durable, quality products. Our bird spikes come with an industry-leading warranty to ensure customer satisfaction and product reliability. Stainless steel bird spikes are virtually invisible, and our plastic bird spikes are available in seven colors to blend with any environment.

Spikes are easily installed on ledges, roof peaks, I-beams, parapet walls, conduits, signs, and both flat or curved surfaces. Designed to complement a building's color scheme and architecture, bird spikes offer a long-term, cost-effective solution to deter nuisance birds and protect properties from damage.

STAINLESS STEEL BIRD SPIKES

10 YEAR WARRANTY

ADVANTAGES & BENEFITS PATENTS # US6250023 / US6775950

Bird•B•Gone® Stainless Steel Bird Spikes™ create an uneven surface preventing birds from landing on flat or curved areas. Spikes come pre-assembled in 2' sections and are made of stainless steel pins in a polycarbonate base.

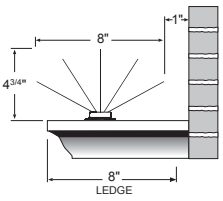

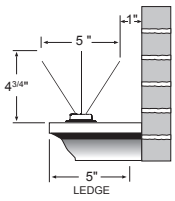

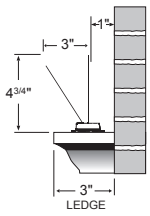

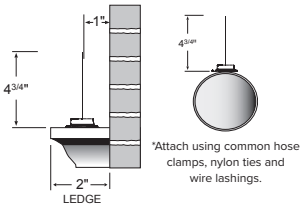

- #1 specified bird spike by architects, contractors, and government agencies.
- Lowest price, backed by an industry-leading 10-year warranty.
- Virtually invisible design.
- Flexible—can safely bend 360 degrees to fit any contour.
- Humane—will not harm birds.
- Easy to install using glue, screws, or ties.
- Installer-friendly—will not cut or injure during installation.
- Patented “bend and crush” design for secure, permanent installations.
- Available in 2’ (61 cm) lengths, with up to 40 spikes per foot for maximum coverage. Reduces labor time.
- Weatherproof and rust-resistant, with no gap spacing to prevent birds from roosting or landing.

PREPARATION

See Page 57

The first step prior to installing bird spikes is to clean and dry the area where spikes will be installed. Bird•B•Gone® offers cleaning supplies to get the job started off right.

ADHESION

See Page 57

Surface should be clean and dry before installation. Select width of bird spike based on surface to be covered. Glue, screw, or tie down to surface.

INSTALLATION VIDEOS

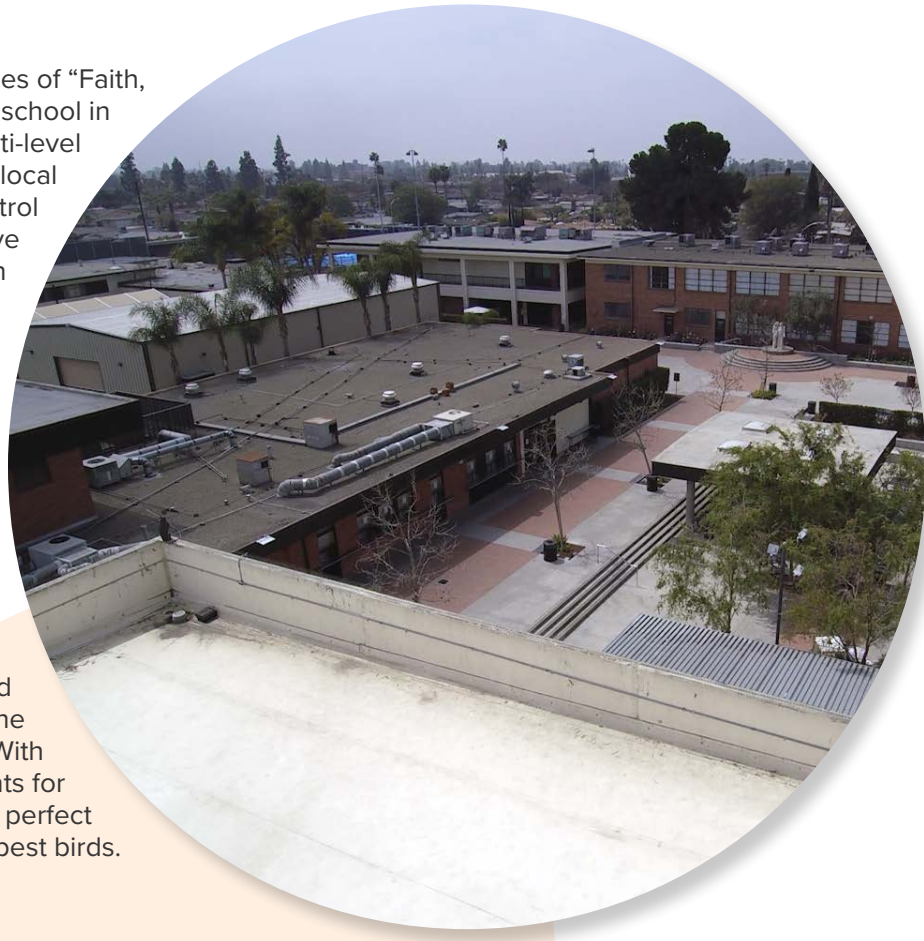

Watch our spike installation video at:
www.birdbgone.com/spikeinstall

BIRD•B•GONE® PARTNERS WITH AN AUTHORIZED INSTALLER TO DONATE AND INSTALL BIRD SPIKE TO HIGH SCHOOL IN SURROUNDING COMMUNITY.

Bird•B•Gone LLC extended its foundational values of "Faith, Family, and Friends" to include a local high school in the surrounding community. As part of a multi-level service project, Bird•B•Gone reached out to a local high school to offer a donation of bird control products and installation services to help resolve an unwanted pigeon presence. Located within the center of the school's campus, there is an outdoor lunch area that provides both shelter and food for pest birds. With the assistance of a local authorized installer, Kevin Hearne from Zapp Pest Management, Bird•B•Gone provided and installed bird spikes to deter the birds.The high bird pressure area was located above the lunch area, within which the students would leave behind left-over portions of food and drinks. The birds would land and rest on the north most building, upon which they were provided both protection as well as a "bird's-eye" view of the campus. Once the lunch period had ended, the birds would promptly move to the ground and scavenge for the left-over food. With easy access to the three necessary components for living (food, water, and shelter) this campus was a perfect location for pest birds.

"There was a clear presence of the pest birds on this campus, however it was not until we observed and recorded the recurring activity of the birds that we understood the proper way to deal with the problem," explained Kevin Hearne. "Once we had conducted a proper Bird•B•Gone Site Evaluation, we were prepared to perform the necessary bird exclusion processes including both site cleanup and product installation." For this particular bird control job, the process included removing worn-down product, cleaning and sanitizing the installation area, and installing 8-inch Stainless Steel Bird Spikes to the ledge using E-6100® adhesive. As a result of this service installation, Bird•B•Gone excluded the majority of pest birds from the campus, effectively minimizing the pest problem and furthering the exceptional academic environment of the school.

NETTING

Bird•B•Gone® Bird Netting is the #1 specified bird netting by architects and government agencies.

For strip malls, warehouses, loading docks, hangars and other large structures, birds can quickly become a very costly nuisance. Birds often nest under awnings, overhangs, open roofs and covered beams in breezeways. One of the most effective and humane ways to keep birds from the property is to create a physical barrier to seal them out with specially designed bird netting.

Once installed, the netting is virtually invisible. Bird•B•Gone Bird Netting is backed by industry-leading warranties.

BIRD NET 2000™ HEAVY DUTY NETTING

ADVANTAGES & BENEFITS

Bird Net 2000™ Heavy Duty Bird Netting is a polyethylene knotted net used to block birds from entering unwanted areas. Bird Net 2000™ is the most efficient and effective method for excluding birds.

- #1 specified bird netting by architects contractors and government agencies.
- The strongest netting at the lowest price.
- UV-stabilized, rot proof, and waterproof.
- ISO 1806 and 9001 protocol tested.
- Available in 3 colors to blend in with area of installation and virtually invisible.
- Sub-zero stable and 270° F (132° C) melting point.
- Non-conductive.
- We offer all the necessary hardware to install bird netting.
- Industry leading 10 year warranty.

90,000 sq. ft. (8,360 sq. m) of Bird Net 2000™ Heavy Duty Netting installed on canopy at Portland International Airport

NO-KNOT NETTING

ADVANTAGES & BENEFITS

SOFT ON YOUR HANDS: No-Knot Netting is a heavy duty, flame resistant polypropylene knotless bird net used to block birds from entering unwanted areas. No-Knot Netting is made from a UV-stabilized mesh and excludes all birds. No-Knot Netting is installed in the same manner as the Bird Net 2000™.

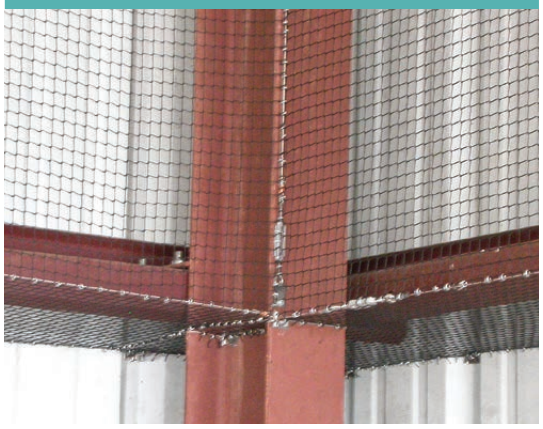

- 3/4" mesh excludes all birds.
- Super strong, light and easy to install.
- UV stabilized, rot proof, and waterproof.
- ISO 1806 and 9001 protocol tested; 40 lb. burst strength.
- Multi-stranded polypropylene fiber.
- High resistance to acids and alkalies and non-conductive.
- Virtually invisible.
- We offer all the necessary hardware to install bird netting. Uses the same Bird•B•Gone® installation hardware as heavy duty knotted net.
- Industry leading 10 year warranty.

BIRD SPECIES	All birds
WHERE TO USE	Roofs, warehouses, loading docks, airplane hangars, and other exposed enclosures
BIRD PRESSURE	Light, Medium, or Heavy
WARRANTY	10 years
MATERIAL	U.V. stabilized knotless polypropylene netting
BURST STRENGTH	ISO 1806 and 9001 protocol tested: 40 lbs. burst strength
THERMAL PROPERTIES	Flame resistant (270°F melting point)
CHEMICAL PROPERTIES	Polypropylene is chemically inert and highly resistant to a wide range of chemicals at ordinary temperatures. Fibers have a high resistance to acids and alkalies. Does not rot or absorb water and will not mildew.
ELECTRICAL PROPERTIES	Non-conductive

PROPER INSTALLATION OVERVIEW

To properly install a netting system, the following steps must be accomplished:

1. Install all anchors using the correct parts for the building material you are attaching to. These will be the foundation for your netting.
2. Run the cable, turnbuckles and ferrules through your attachments and tighten the cable. The tension should be similar to that of a guitar string.
3. Once this is done, you are ready to attach the net to the cable. Attaching the net to the cable is the most time-consuming part of the process.
4. After the net has been installed, add a zipper for access to lighting and plumbing fixtures, safety equipment and such.

1. Multi-Purpose Cable Bracket anchored in steel
2. Turnbuckle
3. Eye Bolt
4. Ferrules (x2)
5. Straining Wire
6. 1-1/2" Anchor Rivet w/Split Pin anchored in concrete
7. Hog Rings
8. Zipper

INTRODUCTION TO BIRD NETTING

Join our bird control experts as they guide you through bird net installation tips, how to estimate a bird net job and more.

ANCHORING (CORNER & INTERMEDIATE ATTACHMENTS)

There are two types of anchors–corner attachments and intermediate attachments.

1. Corner attachments are used where the cable begins and ends, and generally at every 50 feet of cable length. They are under the most pressure and must be the strongest part of the system.
2. Intermediate attachments hold the cable to the structure. They must be installed every foot to every foot and a half between the corner attachments.

CORNER ATTACHMENTS

ITEM NAME	ITEM #	DESCRIPTION	PACK SIZE	DETAIL
 NET BOLTS	BNM6EB	M6 Medium Net Bolt Galvanized	10 per pk	High load bearing expansion bolts used as corner attachments for masonry, concrete or stone. Use M6/Medium Net Bolts for cable runs under 75' Use M8/Large Net Bolts for cable runs over 75' Use galvanized Net Bolts with galvanized wire Use stainless steel Net Bolts with stainless steel wire Drill Bits M6: 10 mm drill bit M8: 12 or 13 mm drill bit
	BNM6EB-BLK	M6 Medium Net Bolt Galvanized Black		
	BNM6SSEB	M6 Medium Net Bolt Stainless Steel		
	BNM8EB-BLK	M8 Large Net Bolt Galvanized Black		
	BNM6SSEB-BLK	M6 Medium Net Bolt Stainless Black		
	BNM8EB	M8 Large Net Bolt Galvanized		
	BNM8EB-BLK	M8 Large Net Bolt Galvanized Black		
 GIRDER CLAMP	BNGCL-3	Net Girder Clamp	10 per pk	Used to attach netting to girders. Attach bolt onto flat steel or I-beam. For steel up to 3" (7.62 cm) thickness Use as an intermediate attachment. Use as a corner attachments if drilling is not an option.
 MINI-NET BOLT	BNMNB-G-BLK	Mini-Net Bolt Galvanized Black	10 per pk	Corner attachment used for cable runs of less than 20' (6.09 m). Use galvanized Net Bolts with galvanized wire Use stainless steel Net Bolts with stainless steel wire Drill Bits 8 mm drill bit
	BNMNB-G	Mini-Net Bolt Galvanized		
	BNMNB-S	Mini-Net Bolt Stainless Steel		
	BNMNB-S-BLK	Mini-Net Bolt Stainless Steel Black		
 EYE BOLT W/ NUT	BNGEB-NUT	Galvanized Eye Bolt w/Nut	20 per pk	Corner attachment for steel I-beams or other thick metals. Use galvanized Eye Bolts w/ galvanized wire Use stainless steel Eye Bolts w/ stainless steel wire Drill Bits 8 mm drill bit
	BNSEB-NUT	Stainless Steel Eye Bolt w/Nut	10 per pk	
 SCREW EYES	BNLSE-G	Large Wood Screw Eye Galvanized	100 per pk	Used as a corner attachment into wood. Use Large Screw Eyes for runs over 20' (6.1 m) Use Small Screw Eyes for runs under 20' (6.1 m) Use galvanized with galvanized wire Use stainless steel with stainless steel wire
	BNLSE-S	Large Wood Screw Eye Stainless Steel	20 per pk	
	BNSSE-G	Small Wood Screw Eye Galvanized	100 per pk	
	BNSSE-S	Small Wood Screw Eye Stainless Steel	20 per pk	

INTERMEDIATE ATTACHMENTS

ITEM NAME	ITEM #	DESCRIPTION	PACK SIZE	DETAIL
 NET MAGNET	BN200MGNT	Net Magnet - 2” (3.18 cm)	10 per pk	For easy and secure attachment for various types and sizes of hardware when drilling is not possible 40 lb. pull strength ceramic magnet in steel casing. Best for smaller jobs.
 MULTI-PURPOSE CABLE BRACKET WITH HILTI PIN	BNMPCB-125HP-C BNMPCB-HPC-BLK BNMPCB-125HP-S BNMPCB-HPS-BLK	1.25” (3.18 cm) Bracket w/ Hilti pins for concrete 1.25” (3.18 cm) Bracket w/ Hilti pins for concrete - black bracket 1.25” (3.18 cm) Bracket w/ Hilti pins for steel 1.25” (3.18 cm) Bracket w/ Hilti pins for steel - black bracket	100 per pk	For attaching to concrete or steel. (Hilti Gun required). Use with BNHS-27 Used to secure cable around the perimeter of the net installation. Can be installed for permanent installation or easy release
 MULTI-PURPOSE CABLE BRACKET	BNMPCB125-100 BNMPCB125-100BLK	1.25” (3.18 cm) Bracket 1.25” (3.18 cm) Bracket Black	100 per pk	Used to secure cable around the perimeter of the net installation For permanent installation run cable through bracket hole or easy release by running cable through hook
 NET SPIKES	BNNS-SM BNNS-LG	Bird Net 3/16” (4.76 mm) Diameter Small Spike Bird Net 1/4” (6.35 mm) Diameter Large Spike	100 per pk	Used to secure netting into concrete Small net spikes have a bend in the body Large net spikes will “flange” out when hammered Drill Bits Large Net Spike: 6.5 mm Small Net Spike: 5.0 mm
 LAG SCREWS	BNLS-SSM BNLS-LGG BNLS-ASM	Small Steel Lag Screw Large Galv. Lag Screw Small Lag Screw Anchor	100 per pk	Lag Screws are ideal for concrete, stucco, and wood Used to secure cable around the perimeter of a net installation Use Anchor for extra support when using small Lag Screws
 GIRDER CLIPS	BN116GC BN018GC BN014GC BN012GC	Girder Clip: 1/16” - 1/8” (1.59mm - 3.1mm) Girder Clip: 1/8” - 1/4” (3.17mm - 6.35mm) Girder Clip: 1/4” - 1/2” (6.35mm - 12.7mm) Girder Clip: 1/2” - 3/4” (12.7mm - 19.05 mm)	100 per pk	Designed to attach cable to I-beams or steel surfaces Clips hammer directly onto the I-beam to secure the cable Annealed Carbon Spring Steel attachments come in 4 widths
 THIN WIRE NET CLIP	BNTWNC-1	Thin Wire Net Clip	100 per pk	Ideal for small net installations that require the net to be removed Stainless steel intermediate attachment
 STAINLESS STEEL NET LOOP	BNNL	Bird Net Loop	100 per pk	Ideal for wood and sheet metal To secure, use self tapping sheet metal screws or wood screws
 SPLIT PINS AND ANCHOR RIVETS	BN10R BN10SP BN15R BN15SP	1” (2.54 cm) Rivet 1” (2.54 cm) Stainless Steel Split Pin 1.5” (3.81 cm) Rivet 1.5” (3.81 cm) Stainless Steel Split Pin	100 per pk	Used on stone or brick surfaces Low profile intermediate attachment Available in two sizes Use 6.5 mm drill bit
 HEAVY DUTY CLAMP	BNBCLP-2	1 3/8” Heavy Duty Clamp	4 per pk	Designed for large installations and creates a strong hold on steel and I-beams Holds straining wire to steel 0” – 1 3/8” Jaw opening Hot Dip Galvanized
 6” ROOF TILE BRACKET	BNRTB-600	6” (15.24 cm) Roof Tile Bracket	10 per pk	Used to install netting on roofs that have tiles Slides underneath the tile to create a bracket for netting cables

CABLING (STRAINING WIRE)

Once you have installed the corner and intermediate attachments, it is time to run your cable or straining wire. Cabling is available in galvanized or stainless steel and in two different thicknesses for different size jobs. Use straining wire as a perimeter cable to support your netting installation.

	ITEM NAME	ITEM #	DESCRIPTION	PACK SIZE	DETAIL
	STRAINING WIRE	BNSW500G332	3/32” Straining Wire 500’ Galvanized**	1 per pk	For jobs OVER 50’ in length 3/32” Diameter, 7 x 7 Stranded Construction Cable
		BNSW500S332-BLK	3/32” Straining Wire Galvanized Black		
		BNSW250G332	3/32” Straining Wire 250’ Galvanized		
		BNSW250G332-BLK	3/32” Straining Wire Galvanized Black		
		BNSW500S332	3/32” Straining Wire 500’ Stainless Steel (316)**		
		BNSW500G332-BLK	3/32” Straining Wire Galvanized Black		
		BNSW250S332	3/32” Straining Wire 250’ Stainless Steel (316)		
		BNSW250S332-BLK	3/32” Straining Wire Stainless Black (316)		
		BNSW500G116	1/16” Straining Wire 500’ Galvanized		For jobs UNDER 50’ in length 1/16” Diameter, 7 x 7 Stranded Construction Cable
		BNSW500G116-BLK	1/16” Straining Wire Galvanized Black		
		BNSW250G116	1/16” Straining Wire 250’ Galvanized		
		BNSW250G116-BLK	1/16” Straining Wire Galvanized Black		
		BNSW500S116	1/16” Straining Wire 500’ Stainless Steel (316)		
		BNSW500S116-BLK	1/16” Straining Wire Stainless Black (316)		
		BNSW250S116	1/16” Straining Wire 250’ Stainless Steel (316)		
		BNSW250S116-BLK	1/16” Straining Wire Stainless Black (316)		
	BIRD NET CABLE CUTTER	BNCCT	Heavy Duty Cable Cutter	1 per pk	A long lasting professional grade tool used to cut heavy duty cable. Durable, high quality tool. Easy to use. Cuts both 1/16” and 3/32” straining wire.

**Use galvanized cable for normal areas of installation. Use 316 grade stainless steel cable for areas near salt water, chemicals, etc.

FASTENERS

Fasteners are used to secure and tighten the cabling to prevent sagging or drooping. Cabling is attached to the anchors using ferrules. Ferrules are used at the first corner attachment and later at the turnbuckle. Run two ferrules through the end of the cable. Then loop the cable through the first corner attachment and back through the ferrules. Crimp the ferrules twice to lock the cable into place with a ratchet crimp tool.
Run cable through all intermediate attachments and finally though the turnbuckle at the end of the cable run. Turnbuckles are used to tighten your straining wire. Make sure the turnbuckle at the end of the run is fully open before securing and tightening the cable.

	ITEM NAME	ITEM #	DESCRIPTION	PACK SIZE	DETAIL
	BIRD NET RATCHET CRIMP TOOL	BNRCT-SBHS	Ferrule Crimping Tool	1 per pk	Used for crimping ferrules around straining wire. Works with ferrules sized 1/16” (1.58 mm) to 3/32” (2.38 mm)
	FERRULES	BNF332A	3/32” (2.38 mm) Aluminum	100 per pk	Used to secure straining wire at the ends. Use aluminum ferrules with galvanized cable. Use copper ferrules with stainless steel cable. For use with Bird Net Ratchet Crimp Tool. Use 3/32” ferrules with 3/32” cable Use 1/16” ferrules with 1/16” cable
		BNF116A	1/16” (1.58 mm) Aluminum		
		BNF332C	3/32” (2.38 mm) Copper		
		BNF116C	1/16” (1.58 mm) Copper		
	CABLE CLAMPS	BNCC-G BNCC-S	Cable Clamps Galvanized Cable Clamps Stainless	10 per pk	Alternative method of securing cable. Use galvanized cable clamps for normal installation. Use stainless steel cable clamps for areas near salt water or chemicals, etc. Runs up to 100’ (30.48 m): Use two (2) clamps Runs over 100’ (30.48 m): Use three (3) clamps

	ITEM NAME	ITEM #	DESCRIPTION	PACK SIZE	DETAIL
	TURNBUCKLES	BNGTS	M5 Small Galvanized Turnbuckle	10 per pk	Used to tighten straining wire to prevent sagging.
		BNGTS-BLK	M5 Small Galvanized Turnbuckle Black		Use galvanized turnbuckles with galvanized wire and aluminum ferrules.
		BNGTM	M6 Medium Galvanized Turnbuckle		Use stainless steel turnbuckles
		BNGTM-BLK	M6 Medium Galvanized Turnbuckle Black		and wire with copper ferrules for installations near salt water, chemicals, etc.
		BNGTL	M8 Large Galvanized Turnbuckle		Cable runs under 25’ (7.62 m): M5 turnbuckles
		BNGTL-BLK	M8 Large Galvanized Turnbuckle Black		Cable runs of 25’ - 75’ (7.62 m - 22.86 m), use M6 turnbuckles
		BNSSTS	M5 Small Stainless Steel Turnbuckle		Cable runs over 75’, use M8 turnbuckles
		BNSSTL-BLK	M5 Small Stainless Steel Turnbuckle Black		
		BNSSTM	M6 Medium Stainless Steel Turnbuckle		
		BNSSTM-BLK	M6 Medium Stainless Steel Turnbuckle Black		
		BNSSTL	M8 Large Stainless Steel Turnbuckle		
		BNSSTS-BLK	M8 Large Stainless Steel Turnbuckle Black		

HOG RINGING

Once your perimeter is established, netting is attached to the cable using a hog ring tool. This tool loops a metal ring around the net and the cable. You can apply a hog ring every other square when using ¾” netting.
Start on one corner and hog ring on a straight line leaving 2-4 squares of excess mesh. Stay on the same row of mesh or your netting will be uneven at the end. Proceed for about 3 feet and then return to the corner. Hog ring the net in the other direction.
At this point you should have a nice corner of netting attached to the cable. Proceed to finishing one side completely and move along to complete the installation on the remaining sides. Once your net is installed, trim the excess netting and inspect all attachments for strength.

	ITEM NAME	ITEM #	DESCRIPTION	PACK SIZE	DETAIL
	HOG RING TOOL & HOG RINGS	BNHRT	Bird Net Hog Ring Tool	1 per pk	Use galvanized rings for normal areas of installation
		BNHRG	Galvanized Hog Rings	2,500 per pk	Use stainless steel rings near salt water or chemicals
		BNHRS	Stainless Steel Hog Rings	2,500 per pk	Hog Ring Tool holds one cartridge of 50 hog rings.
		BNHRZ-BLK	Black Zinc Hog Rings	2,500 per pk	
	B14 HOG RING TOOL & HOG RINGS	BNHRT-B14	Bird Net Hog Ring Tool B14	1 per pk	Our most ergonomic manual hog ring tool Use galvanized rings for normal areas of installation. Use stainless steel rings near salt water or chemicals Good for tight spaces

	BIRD•B•GONE® PNEUMATIC HOG RING TOOL & HOG RINGS	BNHRTPN-AC01CH	Pneumatic Hog Ring Tool	1 per pk	Lowest Cost Pneumatic Hog Ring Tool Fast operating / saves time and money Uses compressed air for quick & efficient installations. Ideal for large jobs. Use stainless steel Hog Rings for areas near salt water, chemicals, etc.
		BNHRPG-AC31CH	Galvanized Hog Rings	10,000 per pk	
		BNHRPS-AC31CH	Stainless Steel Hog Rings	10.000 per pk	
		BNHRPZAC31CH-BLK	Black Zinc Hog Rings	10.000 per pk	
	STANLEY BOSTITCH PNEUMATIC HOG RING TOOL & HOG RINGS	BNHRTPN*	Pneumatic Hog Ring Tool	1 per pk	Fast operating / saves time and money This tool uses compressed air for quick & efficient installations. Ideal for large jobs Use stainless steel Hog Rings for areas near salt water, chemicals, etc.
		BNHRPG**	Galvanized Hog Rings	10,000 per pk	
		BNHRPS**	Stainless Steel Hog Rings	10.000 per pk	

*Stanley Item: SC761
**Hog Rings also fit Stanley tools number SC461 and SC661

ACCESSORIES FOR ACCESS AND TOOLS

After the net has been installed there may be a need to access lighting and plumbing fixtures, safety equipment and such. Installing a zipper offers easy open and close access. Keep the zipper closed, apply the hog rings to the cloth portion of the zipper, and attach the zipper to the net. When you are done attaching both sides of the zipper with hog rings, open the zipper and cut the middle strands of net. This creates a hole that can be opened and closed.

	ITEM NAME	ITEM #	DESCRIPTION	PACK SIZE	DETAIL
	ZIPPERS	BNZ-12B BNZ-18B BNZ-24B BNZ-36B BNZ-48B BNZ-72B BNZ-96B BNZ-120B BNZ-12S BNZ-36S BNZ-72S BNZ-12W BNZ-36W BNZ-72W	Net Zipper - 1'(.30 m) Black Net Zipper - 1.5' (.46 m) Black Net Zipper - 2' (.61 m) Black Net Zipper - 3' (.91 m) Black Net Zipper - 4' (1.22 m) Black Net Zipper - 6' (1.82 m) Black Net Zipper - 8' (2.44 m) Black Net Zipper - 10' (3.05 m) Black Net Zipper - 1' (.30 m) Stone Net Zipper - 3' (.91 m) Stone Net Zipper - 6' (1.8 m) Stone Net Zipper - 1' (.30 m) White Net Zipper - 3' (.91 m) White Net Zipper - 6' (1.8 m) White	1 per pk	Zippers are installed at areas that will need to be opened, such as under lighting fixtures or A.C. units. Hog rings are used to attach zippers to the net. Available in 7 sizes and 3 colors. Open-ended and custom sizes available.
	NET CLIPS	BNNC-034 BNNC-200	Bird Netting Clips	100 per pk	Net Clips are installed in areas that will need to be opened such as under lighting fixtures or A.C. units. 3/4" (1.91 cm) Net Clip 2" (5.08 cm) Net Clip
	BIRD SCAPE™	BNBS-05	Bird Scape™	1 per pk	Bird Scape™ is a netting accessory that lets trapped birds leave netted off areas. Features a funnel that birds can fly out of, but not back into. Installs directly into bird netting with hog rings.
	SCREW EYE DRIVER	BNSED	Screw Eye Driver	1 per pk	The Screw Eye Driver is a small drill attachment used for installing Screw Eyes into wood surfaces. For use with all styles of screw eyes.

100 sq. ft. minimum

10 YEAR WARRANTY

ULTRA NET™

ADVANTAGES & BENEFITS

- Protects plants and crops.
- Easy to handle and install.
- 3 sizes of mesh to exclude all birds.
- Inexpensive one season netting.
- Available in bulk rolls or small sizes.
- Lightweight and virtually invisible.

BIRD SPECIES	All birds
WHERE TO USE	Gardens, vineyards, fruit trees, bushes, eaves, orchards, etc.
MATERIAL	UV protected polypropylene

ITEM #	MESH SIZE	SIZE
UN-141	1/4” (6.3 mm)	14’ x 100’ (4.27 m x 30.48 m)
UN-142	1/4” (6.3 mm)	14’ x 200’ (4.27 m x 60.96 m)

UNCLIPS-1/2CASE	Half Case Clips (125 per box)

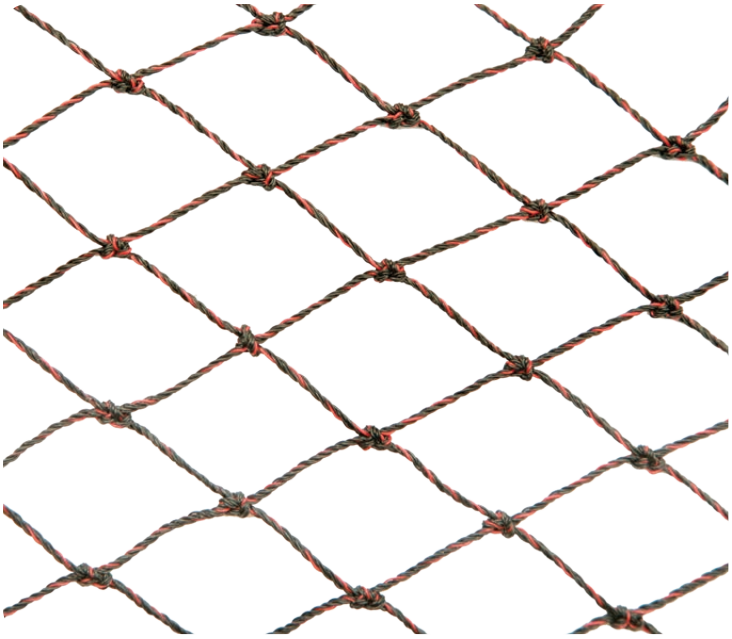

FLAME NET

10 YEAR WARRANTY

ADVANTAGES & BENEFITS

- Ideal for use in inside applications such as airplane hangars, large warehouses, and even residential installations.
- Netting extinguishes itself using a revolutionary red strand of filament.
- Will stop itself from burning when exposed to open flame.
- Break strength in excess of 33 lbs.
- Easily installed with same hardware as Bird Net 2000™
- Test report available upon request.
- Industry leading 10-year warranty.

Notes:

ELECTRIC TRACK

Many customers face expensive clean-up bills, removing birds and bird droppings from signage, windows, awnings and walkways. Restaurant owners and others who deal with food face fines and shutdowns as health inspectors note evidence of bird droppings in or around their property. Fortunately, there is a solution to the pest bird problem.

Harmlessly "Educates" Pest Birds to Stay Away

Bird•B•Gone® low–profile electric track bird deterrent system prevents birds from landing or nesting in unwanted areas. The unique electrically charged tracks impart a mild electrical shock when birds land on them. The shock will not harm birds, but will condition them to avoid the area.

Multiple Birds, Multiple Locations

The Bird Jolt Flat Track® system is ideal for use in a multitude of applications where pest birds habitually perch and roost.

BIRD JOLT FLAT TRACK®

ADVANTAGES & BENEFITS

Bird Jolt Flat Track® is a low profile electrical track system which produces a mild electrical "jolt" when birds land on it. It uses copper knitted wire mesh, in a continuous "tube-in-tube" stocking design. This allows for greater conductivity, strength and reliability.

- The ultimate product for modifying bird behavior.
- #1 specified electric track by architects and government agencies.
- Does not harm birds.
- Patented "anti-arcing" design means the ultimate in safety.
- Effective for both small and large pest birds.
- Crush proof; will continue to work even if stepped on by window washers or building maintenance crews.
- Glue troughs allow for easy installation with construction grade adhesive.
- Completely flexible; can bend 360°.
- Low profile and virtually invisible. Only 1/4" (6.35 mm)
- "Snug-fit" connectors make it the easiest shock system to install.
- Comes in easy-to-dispense box and can be cut with scissors.
- Bird Jolt Flat Track® Kits available*.

BIRD SPECIES	All birds
WHERE TO USE	Ledges, signs, rooftops, I-beams, parapet walls, conduit, flat or curved surfaces
BIRD PRESSURE	Light to Heavy
MATERIAL	Lightweight flexible UV stabilized PVC with copper knitted wire mesh "tube-in-tube" stocking design
WEIGHT	Lightweight: 100' (30.48 m) of track weighs only 16 lbs (7.26 kg)

ITEM #	LENGTH	COLOR
BJFT-CLR	100' (30.48 m)	Clear
BJFT-STN	100' (30.48 m)	Stone
BJFT-BLK	100' (30.48 m)	Black
BJFT-GRY	100' (30.48 m)	Gray
BJFT-RED	100' (30.48 m)	Red

CONNECT AND TEST THE TRACK

BIRD JOLT FLAT TRACK SOLAR CHARGER

Uses sunlight to supply power to up to 300' of electric track. Completely weatherproof.

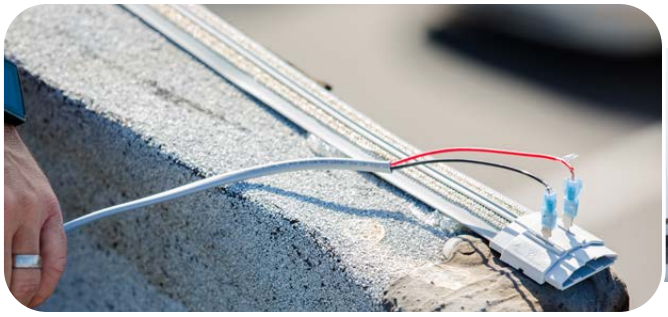

ITEM #	CHG-SLR740
DIMENSIONS	9.75" x 6.5" x 6.5" (24.77 cm x 16.51 cm x 16.51 cm)
WEIGHT	3.5 lbs. (1.59 kg)
LENGTH	300' (91.44 m) of track
VOLTAGE	Output Voltage: 8 KV +/- 20% open circuit voltage

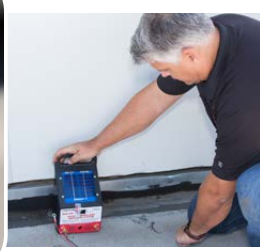

BIRD JOLT FLAT TRACK DIRECT CHARGER

Plugs into a regular 110v outlet and supplies power up to 500 feet of electric track. If outdoors, use weatherproof box.

ITEM #	CHG-AC750
DIMENSIONS	4.75" x 4.5" x 2.25" (12 cm x 11.5 cm x 5.7 cm)
WEIGHT	13.6 oz. (386 g)
LENGTH	500' (152.4 m) of track
VOLTAGE	Input Voltage 110-120 VAC, 60 Hz, 1VA Output Voltage 6,000 V (unloaded) Output Joule rating: 0.1

INSTALLATION COMPONENTS

	ITEM	ITEM #	DESCRIPTION	PACK SIZE
	CONNECTOR LOOPS	STPWC-10	Used to attach the copper lead-In wire to your charger.	10 per pk

BIRD•B•GONE® CONDUCTS ADVANCED BIRD JOLT FLAT TRACK® TRAINING IN ARIZONA

A PGA building in Arizona was having pest bird problems. Bird feces and nests were creating unhealthy and hazardous conditions for staff and guests. To make matters worse, a poorly installed net had fallen around the facility's air handlers. As the job posed a number of installation challenges, Chemtech utilized the on-site training option offered by Bird•B•Gone to:

1. Offer hands-on instruction to team members
2. Highlight and clarify installation techniques
3. Confirm the selected products for the job
4. Ensure that all products are installed properly

Goal of Installation: Prevent birds from landing on horizontal surfaces. Block birds from entering unwanted areas. Remove the old cabling, anchors, and net that were poorly installed and had fallen around the air handlers.

Product Installed: Bird Jolt Flat Track®

To prevent birds from landing on the horizontal surfaces the team chose to install Bird Jolt Flat Track®. Bird Jolt Flat Track® is an electric track system that produces a mild electric shock when birds land on it. The non-intrusive, low profile and patented anti-arching design made this an ideal choice. The electric track system was properly installed in various "high bird pressure" areas and has successfully deterred the birds and kept them away.

Product Installed: Bird Net 2000™

To block birds from entering unwanted areas, the team chose to install the most efficient and effective bird exclusion product, heavy duty black 2 in. mesh bird netting – Bird Net 2000™. The old cabling, anchors and net were removed. New heavy duty netting was properly installed and correctly anchored.
The result: a humane and highly effective bird control installation that keeps birds and their droppings away from the building.

DETERRENTS

Bird•B•Gone® has a wide variety of effective and humane products to deter pest birds.

Physical, visual, and sound deterrents make areas inaccessible unstable, and uncomfortable for birds, keeping them from landing, roosting or nesting, and forcing them to move on to a new location.

- Physical deterrents are ideal for use on flat surfaces in concentrated areas like ledges, parapet walls, windowsills, roof edges, and more.
- Visual bird deterrents create distraction zones that confuse the birds causing them to flee the area.
- Sound deterrents use bird distress and predatory calls to startle and warn birds so they leave the targeted area.

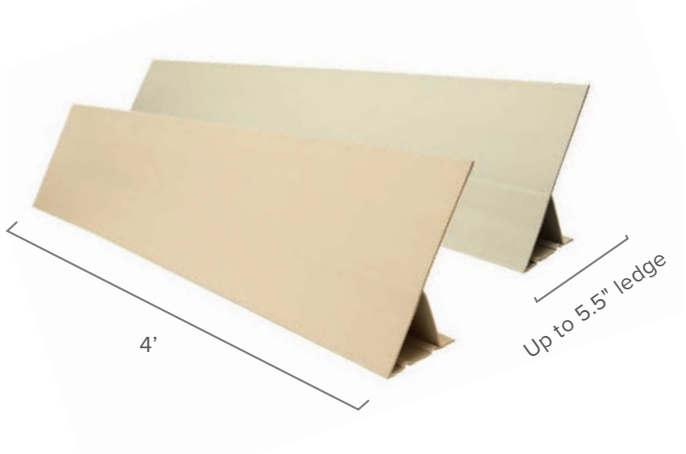

BIRD SLOPE™

ADVANTAGES & BENEFITS

PATENTS # US8640397 / US8689497 / US8925256 / US9185900

The unique design of Bird Slope™ makes it impossible for birds to land or roost on 90° areas like eaves and ledges.

- Prevents birds from landing and nesting on ledges up to 5.5” (13.97 cm) wide.
- Unique “Slope Extender” increases coverage for areas up to 10.5” (26.67 cm) wide.
- Effective for both large and small birds.
- Ideal for parking garages, I-beams and 90° ledges.
- Glue trough on underside for easy adhesive application.
- Easy-to-install End Caps prevent birds from getting behind Slope.
- Made of a UV-protected outdoor grade PVC plastic.
- Longest warranty and lowest cost.
- Fast installation with 4’ (1.22 m) sections.

Watch our deterrent installation video at:
www.birdbgone.com/slopeinstall

INSTALLATION

To install: surface should be clean and dry before installation. Bird Slope™ covers a 5.5” ledge; for larger ledges, Extenders are available. Glue onto surface using recommended adhesives; place glue in glue troughs. End Caps should be installed to prevent birds from getting behind Slope.

See Page 57

Bird Slope™ installed on window sills

Bird Slope™ Installed in parking garages

SOLAR PANEL BIRD DETERRENT KIT

ADVANTAGES & BENEFITS

Rooftop solar panels create an ideal environment for pigeons and other pest birds to nest and roost. The panels provide shade from the hot sun, security from predators, and an easy in-and-out vantage point for birds. The best way to address this problem is to install bird deterrents, when the solar panels are first installed or before the pest birds arrive.

- The weather-resistant mesh effectively blocks pest birds from nesting and roosting under panels.
- No drilling required.
- Mesh is virtually invisible once installed.
- Clips will not scratch or affect integrity of solar panels.

Watch our solar installation video at:
www.birdbgone.com/solarmesh

BIRD SPECIES	All birds
WHERE TO USE	Under solar panels
BIRD PRESSURE	Light to Heavy
MATERIAL	UV resistant materials

Durable clips easily install without drilling

BIRD WIRE

ADVANTAGES & BENEFITS

Bird Wire is a post and wire system that provides an unstable landing area for pigeons, seagulls, or crows. Ideal for areas where aesthetics are a concern, the low-profile Bird Wire involves a series of stainless steel posts supporting nylon coated 316 stainless steel wire that is tensioned between the posts using springs.

- #1 Bird Wire system specified by architects.
- CAD details and specifications available at birdbgone.com.
- Low profile and low visibility.
- Low maintenance.
- Safe for handrails, ledges, rooftops and more.
- Affordable pricing.
- Industry leading 5-year warranty.
- Approved for use on federal and state government structures.

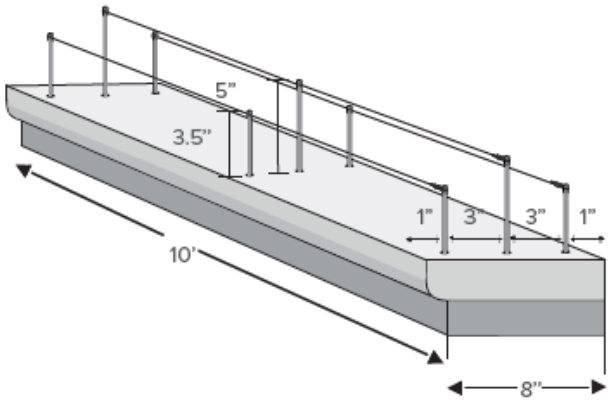

Watch our introduction to Bird Wire video at:
www.birdbgone.com/introbirdwire

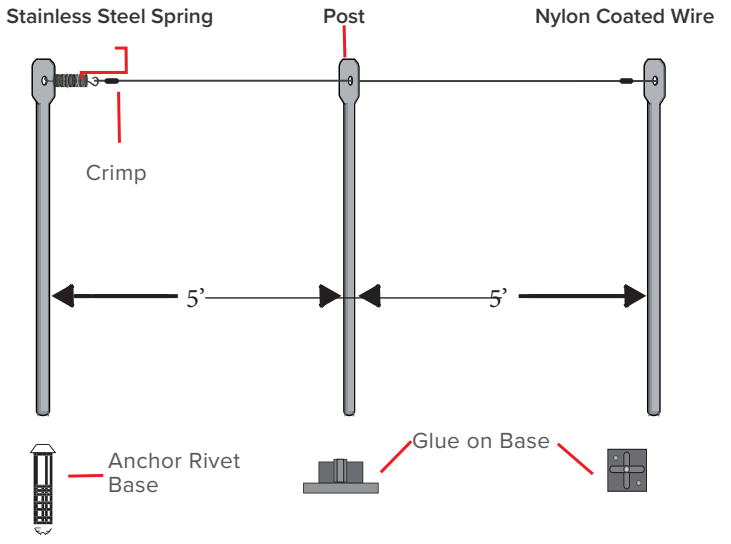

BIRD SPECIES	Pigeons and seagulls
WHERE TO USE	Ledges, signs, rooftops, curved or flat surfaces
BIRD PRESSURE	Light to Medium
WARRANTY	5 years
MATERIAL	316 Stainless steel wire coated with UV stabilized clear nylon
DESIGN	ISO 1806 and 9001 protocol tested: 40 lbs. burst strength

INSTALLATION

Surface should be clean and dry before installation. Measure surface area to determine how many rows are required. Posts are placed every 5’ with a new spring every 10’. Alternate post heights when installing multiple rows.

BIRD SPIDER 360°®

ADVANTAGES & BENEFITS

PATENT # US7036278

The Bird Spider 360° is a humane stand-alone physical bird deterrent that is used to prevent birds from landing. The Bird Spider 360° can be used in a variety of settings including: boats, docks, biminis, light posts, air conditioner units, skylights, dock pilings, and more!

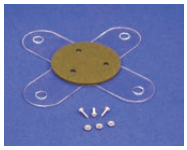

- Bird Spider 360° is a visual bird deterrent used to scare large birds away from concentrated areas.
- This bird deterrent is humane, safe, and will not harm
- No-tangle “arms” bounce and sway in the wind, creating a visual distraction zone so birds will not want to come near the area.
- Available in 2 ft., 4 ft., 6 ft., and 8 ft. diameters for optimal coverage.
- Patented design has been high wind tested – will not break or fall off in high wind areas.
- Pre-assembled and easy-to-install.

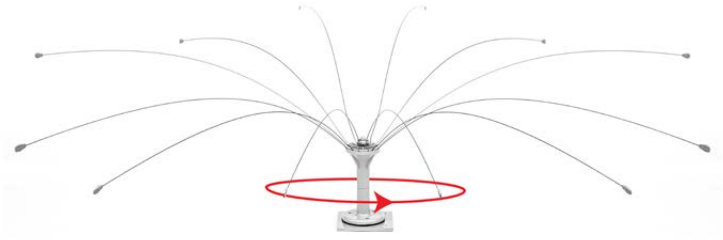

BIRD SPECIES	Pigeons, seagulls, and larger birds
WHERE TO USE	AC units, street lights, signs, boats, rooftops
BIRD PRESSURE	Light to Medium
MATERIAL	316 marine grade stainless steel “arms” on a UV protected polycarbonate base. Separate PVC base and #10 316 grade screws included.

ITEM #	SIZE	DIAMETER
BS200SPN	1’- 2’ (0.30 m - 0.61 m)	2’ (0.61 m)
BS400SPN	3’- 4’ (0.91 m - 1.22 m)	4’ (1.22 m)

INSTALLATION ACCESSORIES

	ITEM	ITEM #	DESCRIPTION	PACK SIZE	DETAILS
	**BOAT BASE**	**BSBB2**	Bird Spider 360® Boat Base	1 per pk	Used to install the Bird Spider around masts or spreaders. Attaches directly to Bird Spider 360° Secures with bungee cords or other tie-down systems.
	**SAND BAG BASE**	**BSBB-SB** **MMBSBB-SB-NS**	Bird Spider 360® Sand Bag Base	1 per pk	Provides a portable weighted option for boat canvases and Biminis. Attaches directly to Bird Spider 360° and Repeller 360°. Weighs 6.5 lbs. Hardware included. Options Available: Weighted with Sand 6.5 lbs., or Fill-It-Yourself (No Sand)
	**RAILING MOUNT**	**RLMNT**	Bird Spider 360® Railing Mount	1 per pk	Easily secures Repeller 360° and Bird Spider 360° to railing sizes up to 1.875” thick. Includes disk and screws for mounting/attachment. Can easily be removed and stowed while sailing or cruising.

Bird Spider 360°® easily glues in place using the included base. The Bird Spider 360° features long lasting UV protected polycarbonate tips that help the arms bounce and sway in the wind, also prevent scuffing on surfaces.

AGRILASER® HANDHELD

The Agrilaser Handheld 500 is the ultimate solution for long range bird nuisance. It's easy-use range up to 2500 meters will produce immediate and long lasting results.
The Handheld 500 is both animal and environmentally friendly, and its rugged construction ensures high performance even in the most demanding situations.

- Range up to 2,500 meters.
- Fast and long-lasting results.
- Suitable for repelling most bird species.
- Animal and environmentally friendly.

BIRD CHASE SUPER SONIC™

ADVANTAGES & BENEFITS

The Bird Chase Super Sonic is an outdoor sound device used to deter pest birds. Distress and predator calls from 24 types of birds are broadcast for two minutes at ten minute intervals to scare pest birds from large open spaces.

- Includes goose deterrent sounds.
- Low cost method of protecting your property.
- Programmable, you can choose your target bird.
- UV protected and water resistant.
- Can be programmed to turn on/off automatically at night.
- Covers 1 acre. Add additional speakers for coverage up to 5 acres.
- 30-day unconditional money back guarantee.
- 100 ft of speaker wire for each speaker.

ADVANTAGES & BENEFITS

Bird•B•Gone® Reflect-a-Bird is a silent wind-powered spinning visual bird deterrent that effectively scares birds away. The mirror-like design uses sunlight and wind to create a distraction zone that confuses pest birds causing them to flee the area. For best results, use Reflect-a-Bird in conjunction with other visual or physical bird deterrents.

- Great for use on buildings, boats, and within agricultural settings.
- Easy to install, extremely effective.
- Angled design (up to 90 degrees) allows Reflect-a-Bird to be installed in various directions.
- Can be glued, screwed, or tied down to flat surfaces.
- Weatherproof aluminum and plastic construction.

TRAP AND CAPTURE

When trapping is necessary, Bird•B•Gone® has the widest selection of humane live traps available.

When there are 20 or more pest birds at a job site, trapping may be necessary to reduce the birds before you install a permanent bird control system. Trapping is often overlooked because it can be time consuming and an unpleasant part of the job. If left undone, however, your bird control product installation can be unsuccessful.

Bird•B•Gone's complete line of professional bird traps come in a variety of sizes to help accommodate the species of pest bird posing a problem, the size of the flock, and the location of where the trap is going to be placed.

MIST NET

ADVANTAGES & BENEFITS

When the netting is hung directly in a bird's flight path, the bird flies into the net, becomes immobile, and makes it easy to remove the bird and set it free outside of the structure. The Mist Net is a simple, humane way to catch and release birds.

- Will not harm birds.
- Made from extremely fine fibers that birds cannot see.
- Designed to capture multiple birds with 1 net.
- Available in 4 sizes.
- Ideal for big box stores, warehouses, grocery stores or other indoor areas where birds are trapped.

BIRD SPECIES	All birds
WHERE TO USE	Warehouses, big box stores, airplane hangars, grocery stores

MISTCAP-KIT-20	Net: 10' x 20' (3.05 m x 6.10 m)

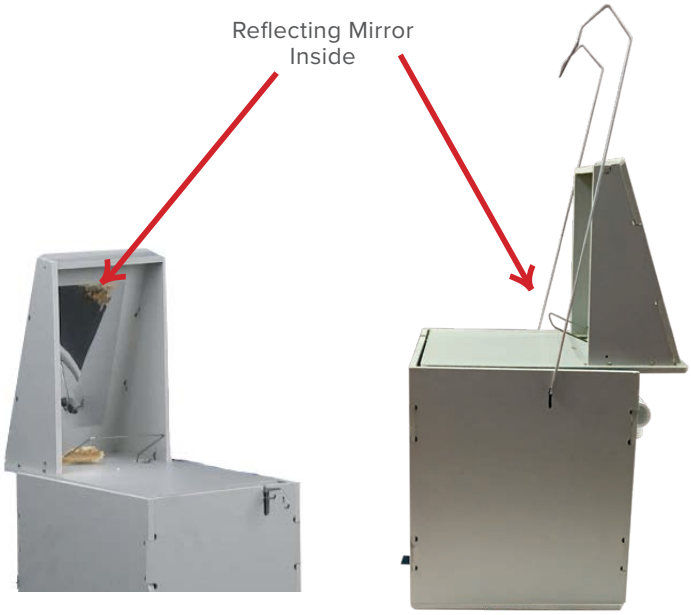

SPARROW CAPTURE TRAP

ADVANTAGES & BENEFITS

The Sparrow Capture Trap is a hanging trap designed for the capture of sparrows with multiple sensory luring capabilities.

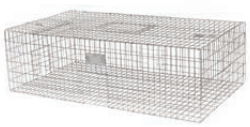

- The perfect tool for control of pesky sparrows.
- Mirror located adjacent to perch to attract sparrows.
- Built to resemble a common birdhouse in order to conceal the trap.
- Spring-loaded door snaps when a sparrow enters and lands on a perch beneath the opening.
- Includes mounting bracket to allow for easy placement.
- Simple assembly; assembles in minutes.

ITEM #	DIMENSIONS
BMP-CAPTURE	Pop up feature: Closed: 12”x6.5”x9”; Open: 18”x6.5”x11”

PROFESSIONAL BIRD TRAPS

COLLAPSIBLE PIGEON TRAP

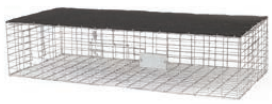

ITEM #: BMP-PSCP

- Easily to assemble and collapses to 1” (2.54 cm) high
- One door on each side
- Capacity: 18+ pigeons
- Weight: 14 lbs. (6.35 kg)

Dimensions: 40” x 22” x 12” (101.60 cm x 55.88 cm x 30.48 cm)

COLLAPSIBLE PIGEON TRAP WITH SHADE

ITEM #: BMP-SW-CP-S

- Four one way entry doors - one on each side
- Easily assembles and collapses to 1” (2.54 cm) high
- Hinged shade screen
- Capacity: 12+ birds
- • Lightweight: 8 lbs. (3.62 kg)

Dimensions: 35” x 16” x 8” (88.90 cm x 40.64 cm x 20.32 cm)

PIGEON TRAP WITH SHADE, FOOD & WATER

ITEM #: BMP-SW-SP-SFW

- Three one-way entry doors with door guard
- Centered top access door for easy removal of birds
- Hinged shade screen
- Water container and feeder pan
- Capacity: 12+ birds
- Lightweight: 10 lbs. (4.53 kg)

Dimensions: 35” x 16” x 8” (88.90 cm x 40.64 cm x 20.32 cm)

PIGEON MOTEL

ITEM #: BMP-SW-SPM

- Ideal for commercial or residential use
- Two one-way entry doors
- Each door has a door guard
- Easy to store and re-use
- Portable
- Capacity: 6+ birds
- Lightweight: 5 lbs. (2.26 kg)

Dimensions: 24” x 12” x 8” (60.96 cm x 30.48 cm x 20.32 cm)

LARGE PIGEON TRAP WITH SHADE, FOOD & WATER

ITEM #: BMP-SW-LP-SFW

- One 1-gallon water container and feeder pan
- Six one-way entry doors with door guard • Divided trap with two access top doors
- Hinged shade screen
- Capacity: 30+ birds

Dimensions: 45” x 24” x 10” (116.84 cm x 60.96 cm x 25.4 cm)

SLANTED SURFACE PIGEON TRAP WITH SHADE, FOOD & WATER

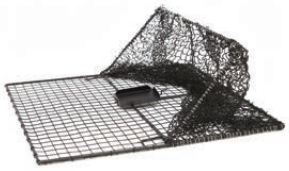

ITEM #: BMP-SW-AD-LEGS

- One 1-gallon water container and feeder pan
- Adjustable legs ideal for slanted surfaces
- Six one-way entry doors with door guard
- Heavy slide out galvanized flat pan and fold down landing platforms
- Hinged shade screens
- Capacity: 20+ birds
- Weight: 23 lbs. (10.43 kg)

Dimensions: 36” x 24” x 10” (91.44 cm x 60.96 cm x 25.4 cm)

PROFESSIONAL BIRD TRAPS

SNAP TRAP

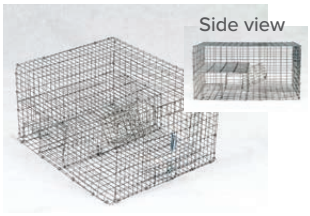

ITEM #: BMP-SW-SNAP-S
BMP-SW-SNAP-M

- Effective for both small and medium birds
- Simple to use with proven results
- When bait tray is triggered, a spring loaded nylon net closes over the birds to trap them quickly and safely
- This trap can be mounted on buildings, walls, and trees
- The snap trap is powder coated for rust resistance

Dimensions: BMP-SW-SNAP-S: 17” x 17” x 2.5” (43.18 cm x 43.18 cm x 6.35 cm)
BMP-SW-SNAP-M: 24” x 24” x 2.5” (60.96 cm x 60.96 cm x 6.35 cm)

SPARROW TRAP

ITEM #: BMP-SP2C

- Two chamber
- Bi-level repeating trap
- Dual level design eliminates captured feeling by birds
- Large capacity (can hold a large number of sparrows)
- Lightweight: 4 lbs. (1.81 kg)

Dimensions: 16” x 12” x 8” (40.64 cm x 30.48 cm x 20.32 cm)

SPARROW SKY TRAP

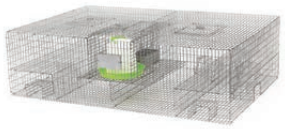

ITEM #: BMP-SW-SKY

- A hanging trap designed for the capture of sparrows and smaller birds in high traffic areas
- Proven V-top entry design enables Sky Trap to hang from the ceiling or sit on a flat surface
- Includes water and feed containers along with a perch to calm birds after capture

Dimensions: Closed: 24”W x 12”L x 18”H (60.96 cm x 30.48 cm x 45.72 cm)

SPARROW TRAP WITH FOOD & WATER

ITEM #: BMP-SW-SSP3-WF

- Two top access removal doors
- Bi-level eliminates birds feeling captured
- Repeating trap
- Easy access to service feed and water station
- Six entry funnel doors (three per ompartment)
- Weight: 13 lbs. (5.89 kg)

Dimensions: 36” x 24” x 10” (91.44 cm x 60.96 cm x 25.40 cm)

WATCH BIRD•B•GONE® TRAPPING TIPS & TRICKS PLAYLIST

Are you new to trapping? Did you know it’s often necessary to trap and remove pest birds before you install a permanent bird deterrent system? Don’t miss this highly informative 2 Part Series on all things bird trapping.

Watch our Trapping Tips & Tricks video at:
www.birdbgone.com/birdtrappingtips

REPELLENTS

Bird•B•Gone® offers a number of highly effective and humane bird repellents that are non-toxic to address these problems and keep areas bird free.

Birds Deface and Damage Buildings/Structures

Bird nests and feathers can clog rain gutters and downspouts, leading to roof leaks. This debris can also jam up AC units, window frames and rooftop vents. Bird droppings can deface and damage wood, metal, plastic and stone surfaces. Outdoor light fixtures, security cameras, and dish antennas can only take so much abuse from bird droppings before they begin to fail. The diseases carried by bird droppings can render surfaces unsanitary.

Geese Destroy Lawns, Gardens and Water Features

Pest birds like geese can quickly destroy golf courses, corporate lawns, parks and water features. These large birds can cover an area with unsightly and smelly droppings, which can ruin the aesthetics of a park or garden.

SPECTRUMV® HOLOGRAPHIC BIRD GEL™

ADVANTAGES & BENEFITS

SpectrumV® Holographic Bird Gel™ is an easy, economical and effective sensory bird control solution. Each easy-to-apply dish contains an innovative gel that uses a combination of sight, sense and smell to keep birds away from edges, ledges, and more!

- Ideal for commercial and residential use.
- Easy, economical, and effective.
- Effectively deters all bird species.
- Protects edges, ledges, and more!
- Long lasting, low-cost humane solution.
- Tri-sensory bird repellent action.
- Easy to install - no assembly required.
- Not harmful to birds.
- U.V. protected - won't degrade or discolor in sunlight.
- Built-in glue troughs for better dish adhesion.
- Product placement is fast and easy.
- Increasing coverage is as simple as placing an additional dish.

Watch our SpectrumV installation video at:
www.birdbgone.com/spectrumvinstall

INSTALLS IN MINUTES

SIGHT

Holographic reflection technology creates visual hot spots that scares birds away.

SMELL

Proprietary blend of ingredients creates an aroma that is unpleasant to birds.

TOUCH

If touched, birds do not like the sticky sensation on their feet, encouraging them to leave the area.

BIRD SPECIES	All birds
WHERE TO USE	Rooflines, ledges, signs, I-beams, railings, gutters, window sills, HVAC units, parapet edges, equipment, street lights, and other places where nuisance birds may congregate.
BIRD PRESSURE	Light to Medium
MATERIAL	Each PVC dish contains an innovative, proprietary gel that uses a combination of sight, sense and smell to keep birds away.

ITEM NAME	ITEM #	DESCRIPTION	PACK SIZE	DETAIL
SPECTRUMV® HOLOGRAPHIC BIRD GEL™	SPECV-MINI	SpectrumV Holographic Bird Gel- 12/pk	12 per pk	Use on Rooflines, ledges, signs, I-beams, gutters, window sills, HVAC units, equipment, street lights, and more.
	SPECV-24	SpectrumV Holographic Bird Gel- 24/pk	24 per pk	
	SPECV-MAX	SpectrumV Holographic Bird Gel- 240/pk	240 per pk	

ADVANTAGES & BENEFITS

Transparent Bird Gel is a sticky gel used to keep pest birds off of horizontal surfaces. Birds can't stand the sticky sensation on their feet and will move on.

- Creates a sticky surface that birds avoid.
- Humane - not harmful to birds and people.
- Designed for Pigeons and Starlings; not for use where other bird species are present.
- Economical & effective.
- Applies easily with a caulking gun.
- Effective at wide temperature extremes: 15 deg. F to 200 deg. F
- Virtually invisible.
- Super fast & easy to install.
- One tube covers 10' (120'/case)
- Lasts up to 6 months outdoors!

BIRD SPECIES	Pigeons and Starlings
WHERE TO USE	Horizontal surfaces including: Ledges, I-beams, parapet walls, conduit, pipes, flat or curved surfaces
BIRD PRESSURE	Light to Medium
MATERIAL	Polybutene 93%; Inert 7%

ITEM NAME	ITEM #	COVERAGE AREA
TRANSPARENT BIRD GEL (12 TUBES/CASE)	**TBG-CASE**	120' (36.58 m) x 3" (7.6 cm)

INSTALLATION

To install: 4 inches wide top to bottom – (2, 3, 4 inch distance between waves, depending on bird pressure)

DO NOT INSTALL ON A VERTICAL SURFACE.

See Page 57

AVIAN BLOCK® BIRD REPELLENT

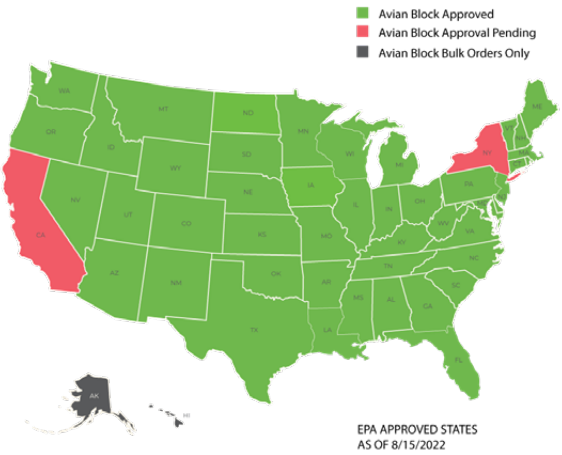

ADVANTAGES & BENEFITS

Avian Block® is an aromatic bird repellent that uses passive scent technology to disperse Methyl Anthranilate (MA) into the air to effectively repel all birds from outdoor and semi-enclosed areas. MA is a naturally occurring, nonhazardous food-grade ingredient that is widely used in various industries to give products grape scent and flavor.
Quick and easy Avian Block® is a humane, non-lethal easy to use; will repel birds for up to 3 months. Available in two versatile formulations: pouch and block.
Keep nuisance birds away from commercial, agricultural and residential properties with Avian Block®.

- Ideal for residential, commercial and agricultural use
- Low cost, effective, simple to use bird control system
- Effectively deters all bird species*
- Humane and simple to use
- Does not harm birds, people, pets or animals
- Pouch or block placement is fast, easy
- Easy to install - no assembly required
- Non-hazardous bird repellent made from food-grade ingredients; EPA registered**
- Increasing coverage is as simple as placing an additional pouch or block
- Virtually invisible - doesn't need to be seen to work
- Non-conductive - will not interfere with electrical or communication & transmissions

BIRD SPECIES	All birds
WHERE TO USE	Commercial /residential structures, trees, vines, shrubs, bushes, picnic or patio areas, under house eaves, attic spaces of garages or storage sheds, rafters, warehouses, walkway covers, industrial equipment, air conditioning units, HVAC installations, and more.
BIRD PRESSURE	Light to heavy
MATERIAL	Each bird repellent pouch or block contains the active ingredient Methyl Anthranilate (MA) – 14.75% (proprietary form).

ITEM NAME	ITEM #	DESCRIPTION	PACK SIZE	DETAIL
AVIAN BLOCK® BIRD REPELLENT	**POUCH-AVN**	Avian Pouch – 6/pk (CAN NOT FLY)	6 per pk	Used on outdoor dining, trees, bushes, picnic or patio areas, under house eaves, attic spaces or rafters, warehouses, walkway covers, industrial equipment and more.

ADVANTAGES & BENEFITS

Bird•B•Gone Bird Hazer™ is an affordable and advanced hazing system that releases a fine fog of bird repellent into the air to deter pest birds from large open spaces.

- Effective for most pest birds including sparrows.
- Advanced nozzle design distributes fog particle size less than 1 micron.
- Saves money - uses significantly less liquid repellent than other hazing units.
- Each Main Control Unit can control up to 6 satellite units to help ensure full perimeter coverage.
- Designed for indoor and outdoor use.

ITEM	Hazer Main Control Unit
DIMENSIONS	14” x 16” x 6”
WEIGHT (EMPTY)	32 lbs
MATERIAL	Weatherproof NEMA Polycarbonate
SATELLITE DIMENSIONS	14” x 6” x 6” each
SATELLITE WEIGHT (EMPTY)	4 lbs each
TANK SIZE	1 liter each
MATERIAL	Powder-coated metal

ITEM	ITEM #	HAZER TYPE
3 KIT: INCLUDES MAIN CONTROL UNIT AND 3 SATELLITE UNITS	HAZR-3KIT-SPRAY	SPRAY

HAZER SATELLITE UNIT - VAPOR	HAZR-SAT-VAPOR	

AVIAN CONTROL®

ADVANTAGES & BENEFITS

Avian Control® uses cutting edge technology to efficiently repel undesirable birds without harming the birds, humans or other animals. The repellent is effective against flocking birds (starlings, blackbirds and others), robins, crows and pigeons.

- Non-lethal and mild enough to use around people and animals.
- Low cost, effective solution.
- Simple application via ground, aerial spraying, or fogging.
- EPA approved for use on numerous crops.
- For indoor fogging use: Undiluted at a rate not to exceed two (2) fl. oz. per 10,000 cubic ft.
- For outdoor fogging use: Undiluted at a rate of 12-16 fl. oz. per acre.
- Recommended spray application rate on turf is 12-42 fl. oz. per acre up to a maximum of 5 gallons per acre.
- Estimated coverage: 6 acres per gallon on turf; 9 acres per gallon when used with foggers.

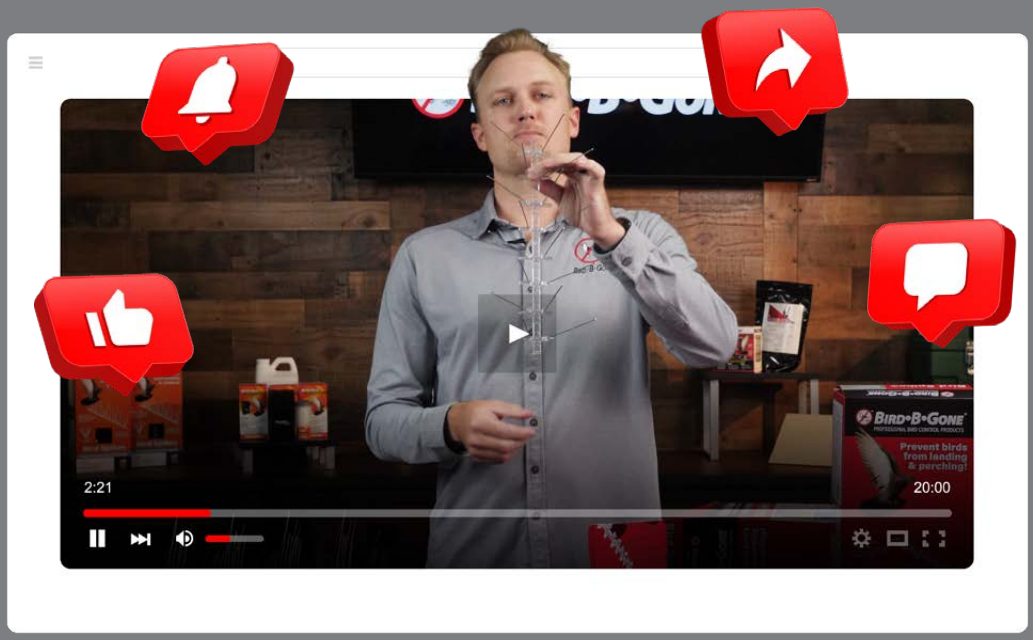

ITEM #	**AVN-GAL - (GALLON)** **AVN-HALF - (HALF GALLON)**
WHERE TO USE	Crops, airports, dairy barns, other commercial and residential applications.
ACTIVE INGREDIENT	20% Methyl Anthranilate (MA), methyl 2-aminobenzoate

AVIAN MIGRATE™

ADVANTAGES & BENEFITS

Avian Migrate™ is a non-toxic repellent that discourages geese and other birds from congregating on golf courses, parks, athletic fields, airports, vineyards and other areas where birds are grazing. Using a unique patent pending formula, Avian Migrate™ irritates the birds' mucous membranes causing them to avoid the area.

- Best applied with spray equipment such as garden sprayers or foggers.
- Contains a breakthrough technology that uses a special colorant, visible only to birds, that let them know that the area has been treated. This teaches unwanted birds to stay away in the future.
- Does not harm grass, shrubs and other vegetation and is not easily rinsed away by rain or sprinklers.
- The ingredients are GRAS by the US Food and Drug Administration.
- The repellent is effective against geese, mute swans, coots and small birds.

ITEM #	**GRGAVN-GAL (GALLON)** **GRGAVN-HALF (HALF GALLON)**
WHERE TO USE	Golf courses, parks, athletic fields, airports, vineyards and other areas where birds are grazing
ACTIVE INGREDIENT	14.5% Methyl Anthranilate (MA)

AVIAN FOG FORCE™ TR

ADVANTAGES & BENEFITS

Avian Fog Force™ TR Bird Repellent is a non-lethal automated time-release aerosol bird repellent. Avian Fog Force™ TR programmable spray mist dispenser cabinets dose the appropriate amounts.
Each dispenser cabinet releases an invisible intermittent aerosol bird repellent mist on a user selected programmable time-release basis. Spray mist dispenser cabinets can be placed strategically in areas where nuisance birds are a problem. Dispenser cabinets are powered by two "D" batteries that last up to six months.

- Avian Fog Force™ TR is not available for sale in the state of Alaska, California or Hawaii. Avian Fog Force TR is available for sale to licensed pesticide applicators in the state of New York.

ITEM #	**FOG-TR (CANISTER)** **FOG-DISP (DISPENSER)** **FOG-TR-PK (TWO CANISTERS AND ONE DISPENSER)**
WHERE TO USE	Dairy barns, stables, stadiums, marinas, garages and storage buildings, pools and patios, outdoor dining facilities
ACTIVE INGREDIENT	14.5% Methyl Anthranilate (MA)

MISCELLANEOUS

Bird•B•Gone® offers additional materials to make your pest and bird control jobs easier, safer and efficient. We can be your one-stop-shop to save time.

Adhesives: Many bird control products glue easily into place. Construction grade adhesives should be used to ensure proper installation of bird control products.

Cleaning Supplies: When pest birds gather and roost in, on or near human habitable areas, they can quickly pose a number of health and safety hazards. To help prevent the problems bird droppings can cause, Bird•B•Gone can recommend the right combination of sanitation products and PPE (Personal Protective Equipment) to get the job done right.

Marketing Materials & Resources: We have marketing and sales materials available to help you get the word out and grow your business. Need help? Call (800) 392-6915

CLEANING SUPPLIES

VISUAL & PHYSICAL BIRD DETERRENTS

REPELLER 360°®

ITEM #: RPL360
ITEM #: RPL360-FLAG (2 REPLACEMENT REPELLER 360 FLAGS)

- Uses sustainable wind energy
- Ideal for docks & boats
- UV protected - designed for outdoor use
- Sweeps birds continually in a 6' diameter

SOLAR BIRD REPELLER

ITEM #: RPLR-SLR1
ITEM #: RPLR-ARMS (2 REPLACEMENT TELESCOPING RODS)

- Solar powered with recharge-able batteries that store power for use in low or no light
- Sweeps birds continually in a 5' diameter

SWALLOW SHIELD™

ITEM #: MMSWALLOW

- Designed to prevent swallows from nesting
- Does not harm birds or wildlife
- Easy to install; just peel and stick
- No tools required
- Virtually invisible
- Also effective as a bat deterrent
- Position Swallow Shield about 1-2 inches from the wall in the prepared location and firmly press it onto the eave or gable

FLASH TAPE

ITEM #: MMAFT-SIL: 2" WIDE (1-150' ROLL)
ITEM #: MMFT050-3PACK: 1" WIDE (3-50' ROLLS)

- Iridescent foil tape scares birds away with reflective surface
- Ideal for use in gardens, trees, pool areas, outdoor patios, gazebos, and more

REFLECTIVE SCARE BIRD DIVERTERS

ITEM #: SED-5

- Iridescent foil "predator" eye scares birds away
- Easy to install
- Will not damage trees or plants
- 5 diverters per pack

Bird•B•Gone® BALLOON

ITEM #: SEB-1

- Inflatable visual scare device
- Confuses birds with life-like reflective "predator" eyes
- Includes flash tape
- Ideal for use in fruit trees, patio covers, pool areas, gazebos, etc.

RED TAIL HAWK

ITEM #: RTH1

- Birds identify hawks as predators and will leave the area where the decoy is present
- Easy to install, extremely versatile
- Low-cost effective solution

COPPER MESH

ITEM #: CMS-20 20' (6.10 M)
CMS-100 100' (30.48 M)

- Ideal for roof tiles and open spaces around dryer vents
- Packs tightly into cracks and holes for exclusion of pests and birds

BEAKGUARD™ WOODPECKER DETERRENT

ITEM #:

WPK-BG-BRN	WPK-BG-TUPE
