Bird Hazer™

GREAT FOR:

OUTDOOR
DINING

WAREHOUSE

AIRCRAFT
HANGAR

PLANT
NURSERY

Bird•B•Gone® Bird Hazer™ is an advanced hazing system designed to release a fine vapor of bird to repellent into the air, effectively deterring pest birds from large open or semi-enclosed spaces. Bird Hazing has proven to be effective in dispersing pest birds where other methods of bird control may be ineffective or impractical. Bird•B•Gone® Bird Hazer™ efficiently deploys a light vapor of bird repellent made with Methyl Anthranilate (a non-toxic, food-grade ingredient).

ADVANTAGES & BENEFITS

- **Innovative Technology:** Hazes Methyl Anthranilate into micron size particles, ensuring maximum effectiveness.
- **Easy Installation & Operation:** Simple plug-and-play functionality makes installation and operation hassle-free.
- **Cost-Effective Solution:** Adds recurring revenue to your bird control business; one-liter tank lasts approximately one month.
 - Superior Efficiency: More efficient and cost-effective than other bird hazing units:
 - Covers more area using less product.
 - Smallest particle size – less than one micron.
 - Vapor stays airborne longer.
 - Multi-head unit vs. single head unit offers the greatest coverage.
- **Versatile Effectiveness:** Effective against all birds, including sparrows.
- **Reliable Weatherproof Design:** Guarantees reliability even in harsh weather conditions.
- **Manufacturer's Warranty:**
 - 1-year warranty for the Hazer control unit
 - 90-day warranty for each Hazer satellite unit

WHERE TO USE

Large indoor/outdoor areas, warehouses, aircraft hangars, plant nurseries, outdoor eating areas and more!

INSTALLATION

Select an optimal location for the control unit based on power source proximity and accessibility. Satellite units will connect in succession from the control unit, ensuring comprehensive coverage. Position units around the perimeter of the target area for full coverage, spacing them up to 50 feet apart for optimal results.

AVAILABLE IN

HAZR-3KIT: Includes main control unit, 3 satellite units and installation accessories
HAZR-6KIT: Includes main control unit, 6 satellite units and installation accessories

SIZE & SPECIFICATIONS

Main Unit: 14" x 16" x 6", 32 lbs
Weatherproof NEMA polycarbonate
Satellite (ea): 14" x 6" x 6", 4 lbs (empty)
Power-coated material, Tank size: 1 liter
Haze Particle Size: Less than 1 micron

Avian Control™ Bird Repellent

Bird•B•Gone® Bird Hazer™ is designed for use with Avian Control to repel nuisance birds. Avian Control is EPA-approved, humane, and Generally Regarded as Safe by the US Food and Drug Administration.
