# Zon™ Mark IV Bird Scare Cannon™

Bird Species	All birds
Where to Use	Vineyards, orchards, row crops, airports, or other large open spaces.

Designed to produce a regulated sonic blast to scare pest birds and wildlife, Zon™ Mark IV Birds Scare Cannon™ will protect 1 to 5 acres, depending upon topography. Ideal for use in agricultural fields, vineyards, orchards, airports, or any other large open area where pest birds are problematic.

## Reliable, Durable, Mobile

With few moving parts and all-steel construction, the Zon™ Mark IV Bird Scare Cannon is built to last. It's rugged design makes it ideally suited for use in agricultural fields, orchards, airports and landfill sites—wherever birds and varmints are not wanted. And due to its lightweight design—it weighs only 8.4 kg (18.5 lbs.) —the Mark IV is easily moved for maximum effectiveness. There's even an optional Zon™ Tripod that lets users raise and rotate the cannon for maximum effect and range.

## Advantages & Benefits

- ▶ Built-in timer, multi-shot, automatic, random, on-demand modes, and hose failure protection regulator
- ▶ Can be mounted on vehicles or vessels for aggressive scare tactics
- ▶ Detonation intervals can be set from 1 to 60 minutes
- ▶ Three random modes to eliminate animal tolerance by randomly varying the time after each shot series
- ▶ Reliable printed circuit board controls gas flow and ignition
- ▶ *No moving parts to replace or adjust*
- ▶ Optional Zon™ Tripod raises & rotates cannon for maximum effect and range

Part #	Description
CANNON-MARK	ZON™ Mark IV Bird Scare Cannon™
CANNON-TRIPOD/M	ZON™ Rotating 4' Tripod for Mark IV Cannon™
